

Demo and Book Tour, 2024

Tim Taylor & Viv Aitken

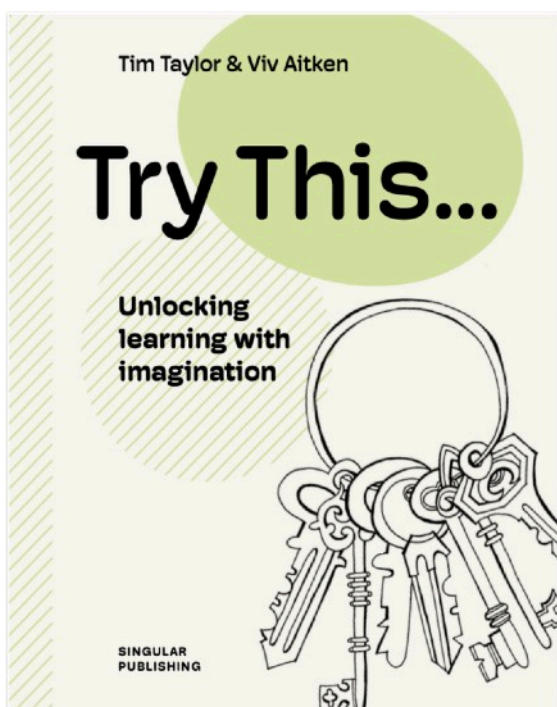

Following the publication of our new book, 'Try This... Unlocking Learning with imagination', we are delighted to announce a demo and book tour for early 2024.

Come along and see the strategies from the book used with students to develop meaningful and imaginative activities for curriculum learning. We will work with a class to build an imaginary context, incorporating their ideas and suggestions while weaving in curriculum outcomes.

The events are free and after school. To sign up, please visit the [event page](#) you would like to attend and fill out the form.

Try This... Unlocking learning with imagination
